CERAMIC

WHITE CERAMIC

MADE IN ITALY

La White Ceramic S.r.l. inizia la propria attività sul finire del 2014. Partendo dalla concezione di "ceramica bianca" dove il colore bianco è interpretato come creatività infinita della forma della ceramica. Seguendo un'impostazione data da 45 anni di esperienza nel settore, l'azienda si è prefissa l'obiettivo di offrire articoli esclusivamente Made in Italy prodotti in maniera tradizionale in cui ogni fase della produzione è seguita in modo attento e dove è l'uomo che fa la differenza. White Ceramic è una realtà dinamica, produce un'ampia selezione di lavabi con le loro forme esclusive.

La filosofia aziendale ha le sue radici nel design artistico ed emozionale italiano.

L'azienda si contraddistingue per la sua Alta Qualità, Flessibilità, Servizio al cliente.

Oltre ai suoi impianti di produzione, l'azienda sviluppa internamente tutti i suoi stampi: colaggio in gesso tradizionale in cui gli operai lavorano fianco a fianco per sviluppare ogni prodotto.

I prodotti White Ceramic sono riconoscibili per la sua Qualità.

Operai specializzati ispezionano e perfezionano ogni pezzo a mano.

Lavorando con velocità ma attenta precisione, questi abili operai rifiniscono lunghe file di stampi con spugne e strumenti di levigatura rimuovendo a mano ogni imperfezione e levigando le superfici.

White Ceramic S.r.l. was founded in 2014 from the concept of «white ceramic» where white is the colour of endless creativity of the shape of pottery. The experience and expertise of the owner in the Ceramic production dates back to 45 years. The Company started its activity from desire to offer new products and immediately reached the goal to offering Made in Italy items produced in the traditional manner; the workers carefully monitor each step of production. White Ceramic is a dynamic reality; it produces a great range of high design sanitary ware with their exclusive shapes. The company philosophy has its roots in emotional and artistic Italian design.

High Quality, Flexibility and Customer Care are the main features of the company. In addition to its production facilities, White Ceramic develops in-house all plaster moulds: traditional plaster casting wherein artisans work side-by-side with machines and sliding storage systems to develop each product. White Ceramic signature quality relies on specialized artisans to inspect and refine each piece by hand. Working with speed but careful precision, these skilled workers sweep down long rows of moulds, with sponges and specialty sanding tools in hand, as they remove any raw pieces and smooth away any rough surfaces.

TAO

Nelle filosofie orientali il simbolo del TAO rappresenta il processo della natura in cui tutte le cose cambiano con un movimento che oscilla tra due estremi per raggiungere la piena armonia. Tao è la rappresentazione del perfetto equilibrio racchiuso in una fisionomia contemporanea, una collezione di lavabi che si integra perfettamente con qualsiasi ambiente, sia esso classico che moderno.

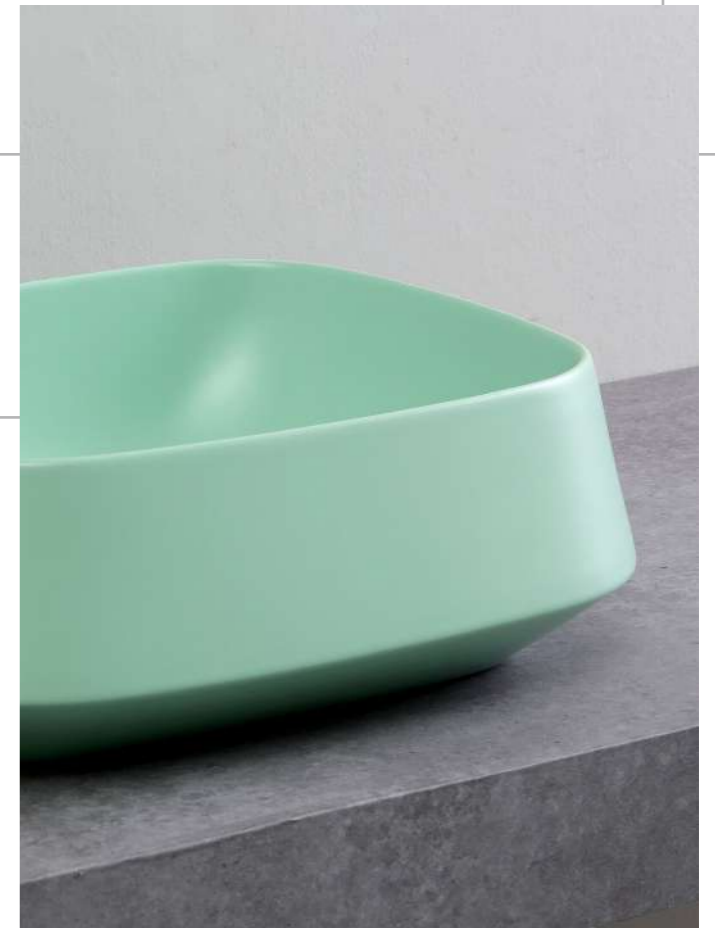

In ancient Chinese philosophy, TAO represents the process of nature by which all things change with a movement that oscillates between two extremes in order to get full harmony. Tao collection is the perfect representation of the balance contained in a design that adapts with any interior context, both classic and modern.

Un sofisticato gioco di contrasti è il motivo che contraddistingue la collezione. La sinuosità della vasca interna viene accentuata dall'inclinazione degli angoli che si "inchinano" verso la parte superiore e inferiore e ne caratterizzano il design, un contrasto di curve e linee è fatto convogliare con maestria e tecnicismo nel compimento di una forma perfettamente equilibrata.

A refined play on contrasts is the leitmotif of the collection. The inclination of the external corners that "bow" to the top and the bottom accentuate the sinuosity of the inner basin, a contrast of curves and lines that conveys in the fulfillment of a shape perfectly balanced with craftsmanship and technicality.

IDEA

IDEA nasce dall'idea di voler proporre le forme base della geometria con un'essenza di Minimal chic. I lavabi, con le loro perfette geometrie di bordi sottili, evocano la delicatezza del materiale ed il minimalismo del Nordic Style, una collezione eclettica che si adatta ad ogni contesto.

IDEA was born from the idea of wanting to propose the basic shapes of geometry with an essence of Minimal chic. The washbasins with a geometric matrix, interact with the thin edges evoking the delicacy of the material and minimalism of Nordic style, an eclectic collection that adapts to any context.

JUMPER

JUMPER, lavabo appoggio
caratterizzato da una linea moderna,
ricercata e innovativa.
Un perfetto tecnicismo crea un inconsueto
contrasto tra l'ampiezza del lavabo e la
leggerezza dei suoi bordi che misurano
solo alcuni millimetri.

*JUMPER, countertop washbasin
characterized by a modern and innovative
design.*

*A perfect technicality creates an unusual
contrast between the width of the bowl
and the lightness of its edges, which
measure only a few millimeters.*

BLADE

BLADE è tendenza, design ed innovazione.
La collezione è composta da tre lavabi dalle forme essenziali, i bordi extra-fini si riducono drasticamente conferendo al lavabo un effetto lama molto ricercato.
Il progetto si completa con un piedino sotto-lavabo che dona al BLADE fissato al Top un effetto di piacevole sospensione, disponibile nella sola versione appoggio senza foro rubinetto.

BLADE is trend, design and innovation. The collection composed of three countertop washbasins with their essential shapes and extra-thin edges drastically reduced, has a very refined BLADE effect. The supporting base gives the washbasin a touch of elegance and a suspended effect.

DOME

DOME è un lavabo a forma di cupola, ispirato dalle maestose opere architettoniche che caratterizzano l'Italia. Deve il suo design minimal chic al perfetto equilibrio tra le forme rinascimentali e barocche dei secoli XVI e XVII. DOME è un lavabo da appoggio con bordi a spessore ridotto e una giusta proporzione tra altezza e capacità della vasca. Disponibile nella versione tutto tondo e obliqua.

DOME is a rounded cupola shape washbasin inspired by the majestic architectural works that characterize Italy. It owes its minimal chic design to the perfect balance between the Renaissance and Baroque forms of the 16th and 17th centuries. DOME is a countertop washbasin with minimal thickness edges and a proper proportion between height and water capacity. Available in full or oblique shape.

SLIM

SLIM è una collezione di lavabi caratterizzata da una forte contrapposizione tra interno ed esterno: superfici squadrate esterne si fondono ad un interno sinuoso e spazioso grazie ad bordo estremamente sottile che fa da cornice. Disponibile nella versione con e senza piano rubinetteria, nelle varianti sospeso/appoggio.

SLIM is a collection of washbasins characterized by a contrast between inside and outside: external squared surfaces blend with the spacious interior thanks to an extremely thin edge that acts as a frame. Available with and without tap platform, wall hung or countertop installation.

LIKE

Il lavabo appoggio LIKE si presenta come un bell'esempio di arredo contemporaneo, risultato di una ricerca di design minimale con le sue linee essenziali e tratti geometrici. Si tratta di un lavabo dalla forma squadrata, che implica una lunghezza che varia da 46 a 80 cm. Per questo motivo, il lavabo LIKE può essere inserito nei bagni di ampie misure come pezzo forte di un arredo semplice ma dal grande impatto estetico.

LIKE countertop washbasin looks like a beautiful example of contemporary element. With its essential lines and geometric stylistic features, it is the result of a continuous search for minimal design. A square shaped washbasin with a length that varies from 46 to 80 cm, LIKE washbasin can be inserted in large bathrooms as a showpiece of a simple decor but with a great aesthetic impact.

ADAGIO

ADAGIO è il primo lavabo di ceramica componibile. L'utilizzo di componenti separate di ceramica da assemblare a piacimento per creare il lavabo, permette di giocare con i colori creando così un'infinità di possibilità cromatiche. Il progetto "Adagio" brevettato e registrato, completamente Made in Italy e realizzato a mano, racchiude nella sua composizione variazioni di movimento per conferire unicità ad ogni pezzo.

ADAGIO is the first modular washbasin. The use of separate ceramic elements to make up the washbasin according to one's taste, makes it possible to play with the colours and thus create multiple combinations.

"Adagio" is a patented and registered project, 100% Hand Made in Italy, the composition contains many variations in movement to give uniqueness and peculiarity to the product.

RIO

La continua ricerca di nuove soluzioni salvaspazio ha portato White Ceramic a creare L'AVERIA, un mobile sospeso e piano con integrato RIO, l'originale lavabo in ceramica. Il progetto per la sua versatilità e la gamma di finiture si adatta perfettamente agli spazi compatti, bagno e lavanderia insieme, offrendo soluzioni funzionali e conferendo una nuova identità ai piccoli spazi utili della casa. Funzionalità e praticità sono le caratteristiche essenziali di una collezione capace di adattarsi allo spazio privilegiando la semplicità per un ambiente bagno-lavanderia contemporaneo.

The continuous search to develop new space-saving solutions has led White Ceramic to create L'AVERIA, a suspended cabinet and top with integrated original washbasin in ceramic RIO. The project thanks to its versatility and wide range of finishes perfectly suits to compact spaces, bathroom and laundry together, offering functional solutions and giving a new identity to the small useful spaces of the house. It flexibly adapts to any space requirements, without compromising on sleek and favoring simplicity for a contemporary bathroom-laundry environment.

RIO, l'originale lavabo in ceramica disponibile in un'ampia gamma di colori finitura lucida e matt è ideale per piccoli ambienti senza dover sacrificare un bagno per una piccola lavanderia o viceversa. La profondità della sua vasca, le misure ridotte per essere un lavatoio, le linee semplici, lo rendono il lavabo ideale per qualsiasi ambiente e stile. Il meccanismo scarico libero o click clack con il tappo in ceramica esalta la ricercatezza nel design

RIO, the original washbasin in ceramic available in a wide range of colors matt and glossy finish, is ideal for small spaces without having to sacrifice a bathroom for a small laundry or vice versa. Its depth, the reduced dimensions compared to all laundry sinks and the simple lines make it the ideal washbasin for any interior context. The free flow or click clack drain with the ceramic cover enhances the refinement of the design.

COLORI / COLOURS

I sanitari colorati, protagonisti nell'arredo
Anni 50-60 sono tornati di tendenza.
Per gli interior designer contemporanei,
giocare con le palette delle ceramiche
sanitarie è ormai diventato un *must* per
creare un bagno *Glamour*.
La White Ceramic propone un'ampia
palette di superfici opache risaltando i
progetti bagno più ricercati in cui il tono
del lavabo è rigorosamente uniformato
al colore dei sanitari.

*Colored bathroom fixtures, protagonists of
the 1950s and 60s are back in trend.
For contemporary interior designers,
playing with the palettes of sanitary
ceramics has now become necessary to
create a Glamour bathroom.
White Ceramic offers a wide palette of
opaque surfaces highlighting the most
sought-after bathroom projects
in which the tone of the washbasin is
strictly matched with the color
of the sanitary ware.*

Dimensioni:
Tutte le misure possono variare leggermente rispetto ai pezzi reali in considerazione di usura degli stampi, variazioni tecniche negli impasti utilizzati e nel processo produttivo.

N.B.
Dovuto a continue ricerche e sviluppi per migliorare la qualità, il produttore si riserva i diritti di variare delle specifiche senza preavviso.

Dimensions:
All dimensions can show small differences compared to the real product due to usure of moulds, technical variations of raw materials in the mixture and in production.

Note:
Due to a continuing development programme to improve design and performance, the manufacturer reserves all rights to vary specifications without prior information.
