A Z I E N D A

Alice fa parte del distretto ceramico di Civita Castellana. Il contributo di idee e creatività da parte dei nostri collaboratori ci permette di produrre quotidianamente prodotti di grande pregio con originalità e passione. Il nostro know-how deriva da una lunga tradizione nella lavorazione della ceramica che rappresenta il patrimonio culturale della nostra regione. Qualità, innovazione e un po' d'orgoglio rendono le nostre creazioni uniche.

Alice is part of the ceramic district of Civita Castellana. The contribution of ideas and creativity from our partners allows us to daily produce products of great value with originality and passion. Our know-how derives from a long standing tradition in ceramic processing which represents the cultural heritage of our region. Quality, innovation and a little bit of pride make our creations unique.

c o m p a n y

STABILIMENTO

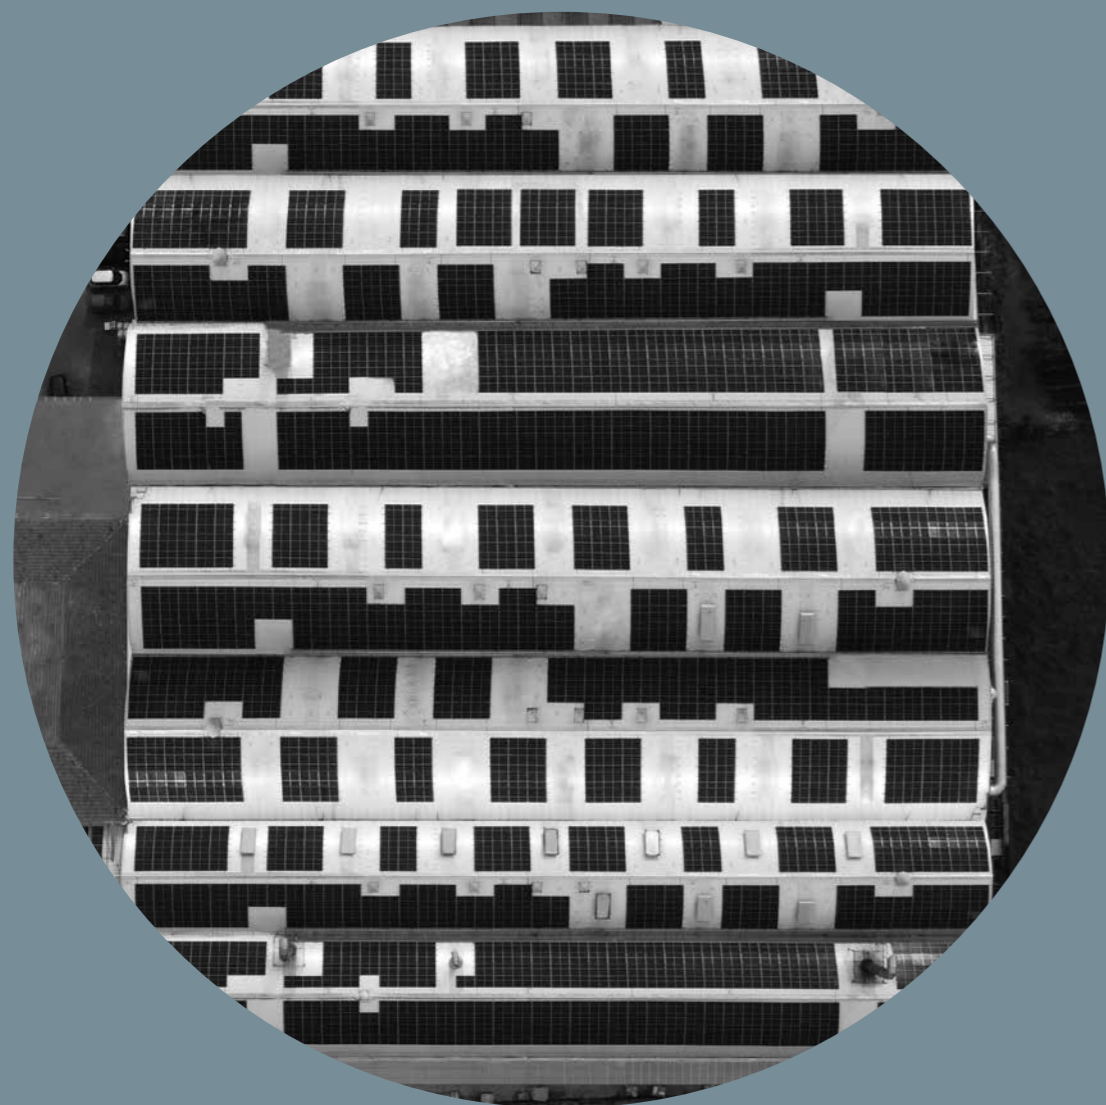

Siamo una realtà in cui lavorano fianco a fianco operai, tecnici e designer, con un metodo artigianale sempre attento alle tecnologie più avanzate come il forno tunnel ed una elevata meccanizzazione in ottica di industria 4.0. L'unità produttiva si sviluppa su 20000 mq ed è previsto un ampliamento con un nuovo stabilimento "Alice 2" di ulteriori 10000 mq. La capacità produttiva si attesta sui 180.000 pezzi prodotti all'anno.

We are a environment in which workers, technicians and designers work side by side, with an artisanal method which also benefits from the most advanced technologies such as the tunnel oven or a high level of mechanization typical to industry 4.0. The production unit is spans over 20,000 square meters and an extension is planned with a new "Alice 2" plant for an additional 10,000 square meters. The production capacity is around 180.000 pieces produced per year.

f a c t o r y

V I S I O N E G R E E N

Da sempre riteniamo che la crescita aziendale passi anche attraverso una particolare attenzione all'ottica green, ragione per cui nei nostri stabilimenti i materiali di consumo sono tutti riciclabili ed è stato installato un impianto fotovoltaico da 500KW con previsione di un futuro ampliamento dello stesso.

We have always believed that company growth also passes through particular attention to green topics, which is why in our factories the consumable raw materials are all recyclable and a 500KW photovoltaic system has been installed with the goal of expanding it in the near future.

g r e e n
v i s i o n

INNOVAZIONE

Ci impegnamo a progettare, produrre e introdurre sul mercato nuovi prodotti e soluzioni innovative di qualità. Il ciclo di innovazione è una missione che portiamo avanti con lo scopo di stare al passo coi tempi introducendo collezioni moderne e funzionali con cadenza regolare.

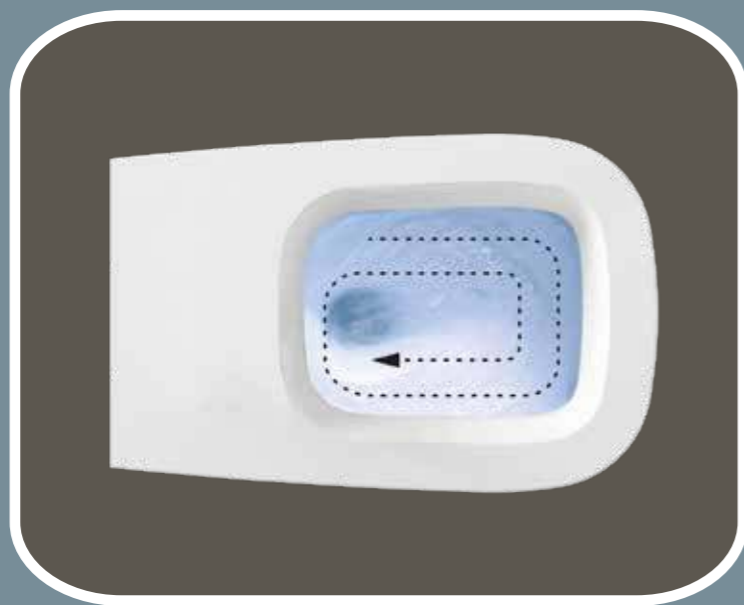

We are committed to designing, manufacturing and bringing to market innovative products and solutions. The innovation cycle is a mission that we carry out with the aim of keeping up with times by introducing modern and functional collections on a regular basis.

i n n o v a t i o n

aliflush+

Un innovativo sistema di scarico che genera un potente vortice d'acqua e garantisce una maggiore silenziosità con un considerevole risparmio idrico e una migliore facilità di pulizia.

An innovative flushing system that generates a powerful water vortex and ensures greater silence with considerable water savings and a better ease of cleaning.

aliglaze+

Smalto tradizionale
Traditional glaze

aliglaze+

Lo smalto antibatterico per una superficie ancora più liscia e brillante, arricchito con ioni di argento, titanio e zinco. Una elevata resistenza agli agenti chimici aggressivi che consente di utilizzare una minore quantità di prodotti per la pulizia quotidiana nel rispetto dell'ambiente.

The antibacterial glaze for an even smoother and shinier surface, enriched with zinc, silver and titanium ions. Greater resistance to aggressive chemical agents that allows you to use a smaller amount of daily cleaning products while respecting the environment.

SOTTOSQUADRO

s o t t o s q u a d r o

La collezione NUR rappresenta l'apice dell'ingegneria e del design sanitario made in Italy. I bordi dei lavabi NUR richiedono una rivisitazione del classico processo di colaggio per accogliere la curva "SOTTOSQUADRO".

I nostri artigiani devono intervenire e rimuovere gradualmente gli stampi in gesso a mano per consentire un processo di essiccazione in più fasi. L'inclinazione negativa del bordo è unica nel suo genere e rappresenta la rinnovata attitudine ambiziosa di Alice insieme al designer Massimiliano Braconi.

The NUR collection represents the pinnacle of engineering and sanitary design made in Italy. The edges of the NUR washbasins require a reinterpretation of the classic casting process to accommodate the "SOTTOSQUADRO" curve. Our craftsmen have to step in and gradually remove the plaster molds by hand to allow for a multi-stage drying process. The negative inclination of the edge is unique in its kind and represents the renewed ambitious attitude of Alice together with the designer Massimiliano Braconi.

B I C O L O R E

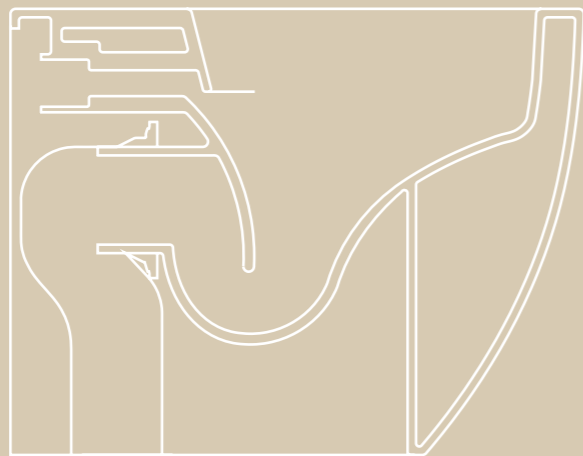

La modernità e il look della finitura matt unita alla sensazione di pulizia profonda delle superfici lucide. Alice offre la possibilità di personalizzare lavabi e sanitari secondo tutte le necessità, in combinazioni di bianco, nero e grigio.

The modernity and looks of the matt finish alongside the deep clean feeling of shiny surfaces. Alice offers the choice of customizing its washbasins and sanitary-ware according to your needs in combinations of white, black and grey.

b i - c o l o r

SENZA BRIDA

r i m l e s s

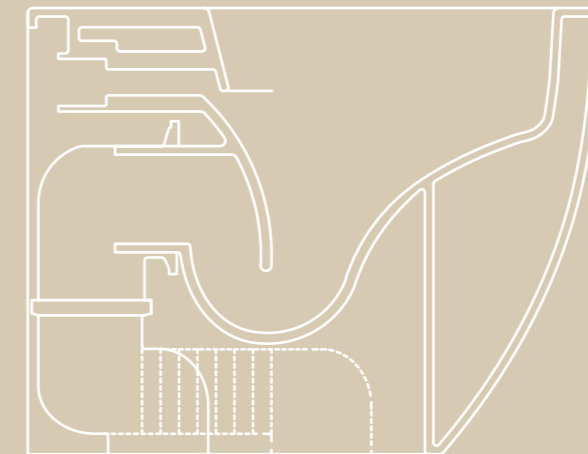

Una soluzione imprescindibile in un bagno moderno e al passo coi tempi. Tutti i sanitari di Alice sono senza brida, e garantiscono una soluzione igienica ed impeccabile.

An essential solution in a modern and up to date bathroom. All Alice's bathroom fixtures are rimless and guarantee a impeccable hygienic solution.

TRASLATO SENZA

B R I D A

traslato rimless

Comodità e praticità. Il "traslato" di Alice si adatta a tutti gli impianti e a tutte le abitazioni. Una soluzione dinamica per portare le collezioni Alice in ogni casa, indipendentemente dai limiti tecnici e strutturali.

Comfort and practicality. Alice's "traslato" adapts to all drains and all homes. A dynamic solution to bring the Alice collections into every home, regardless of technical and structural limitations.

EUROPEAN WATER LABEL

L'European Water Label, associazione che promuove l'educazione sul consumo dell'acqua e indica i prodotti che rispettino queste caratteristiche, ha rilasciato ad Alice il riconoscimento per i wc Nur, Hide, Form, Wunder e Unica Rimless dove lo scarico a 3,38 litri permette un notevole risparmio idrico.

The European Water Label, an association that promotes awareness on water consumption and recognizes products that adhere to these guidelines, has awarded Alice its approval label for the Nur, Hide, Form, Wunder and Unica rimless WC; in these WC the size of the flush is 3,38 liters, allowing for considerable water savings.

PROGETTO ASEM

a s e m
p r o j e c t

Alice partecipa al progetto ASEM "Advanced System for Environment Management". Lo scopo del progetto è quello di integrare le risorse termiche derivanti dai forni presenti in azienda con il processo direzionandole ove servono, per utilizzarle nella loro totalità. Si prevede di gestire così: il riscaldamento ambientale normale, l'essiccazione degli stampi, l'essiccazione dei pezzi, il riscaldamento dei servizi e la termostatazione degli impasti a partire dal recupero del calore presente nell'aria di raffreddamento del forno tunnel. Tale recupero verrà integrato da generatori esterni che verranno in supporto nei momenti di massima richiesta.

Alice takes part to the ASEM Project - "Advanced System for Environment Management". The purpose of the project is to re-route the thermal resources derived from the furnaces used at the factory to support the production process, directing them where they are needed and using them fully. The heat is planned to be used as follows: normal environmental heating, drying of the molds, drying of the pieces, heating of services and thermostating of the dough starting from the recovery of the heat present in the cooling air of the tunnel oven. This recovery will be integrated by external generators that will come in support at times of maximum demand.

GREEN BUILDING COUNCIL

Alice aderisce a GBC Italia, associazione che promuove un processo di trasformazione del mercato edile italiano attraverso la promozione del sistema di certificazione di terza parte e dei propri protocolli (i sistemi GBC) espressamente sviluppati per le specificità del mercato italiano, i cui parametri stabiliscono precisi criteri di progettazione e realizzazione di edifici salubri, energeticamente efficienti e a impatto ambientale contenuto.

Alice is a member of GBC Italia, an association that promotes a process of transformation of the Italian construction market through the promotion of the third-party certification system and its own protocols (GBC systems) expressly developed for the specificities of the Italian market, whose parameters establish precise criteria for the design and construction of healthy, energy efficient and low environmental impact buildings.

COLLEZIONI
collections

NUR[®]

NUR rappresenta l'apice dell'ingegneria e del design sanitario made in Italy. L'inclinazione negativa del bordo rappresenta la nostra rinnovata attitudine ambiziosa insieme al designer Massimiliano Braconi. Una tecnica di lavorazione brevettata che permette la realizzazione di forme armoniose e ambiziose, in linea con lo spirito di Alice.

NUR represents the pinnacle of engineering and sanitary design made in Italy. The negative slope of the edge represents our renewed ambitious attitude together with the designer Massimiliano Braconi. A patented processing technique that allows the creation of harmonious and ambitious shapes, in line with the spirit of Alice.

WUNDER

La dinamicità delle forme morbide ed avvolgenti si mescola alla concretezza della ceramica e restituisce un prodotto versatile, adattabile ad ogni stile ed esigenza. Le linee flat dei bordi superiori abbinano contemporaneità estetica ad una comprovata e ricercata funzionalità quotidiana.

The dynamism of the soft and enveloping shapes mixes with the concreteness of the ceramic and returns a versatile product, adaptable to every style and need. The flat lines of the upper edges combine aesthetic contemporaneity with a proven and refined daily functionality.

STRUCTURE
structures

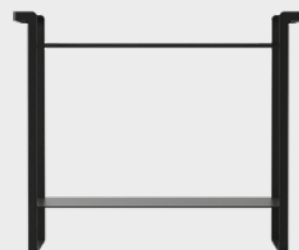

KUBO

Visivamente statuario e dalla forte personalità. Un design che rievoca i classici bacini in chiave moderna mescolando funzionalità ed eleganza. La struttura KUBO è realizzata in acciaio inox a taglio laser verniciato a polveri. Il contenitore è in pelle ecosostenibile e cucito a mano da artigiani toscani.

Visually statuesque and with a strong personality. A design that evokes the classic basins in a modern way, mixing functionality and elegance. The KUBO structure is made of powder-coated, laser-cut stainless steel. The case is in eco-sustainable leather and hand-sewn by Tuscan artisans.

Vasche freestanding in Solysand® dall'aspetto elegante ed essenziale.

Il materiale innovativo offre una vasta versatilità progettuale, funzionalità e durevolezza.

Disponibili anche in bicolore ed in Solygel® con finitura lucida.

Il Solysand® è un solid surface dall'aspetto caldo e morbido al tatto, composto dall'unione di ossidi di alluminio, ossidi di titanio e pregiate resine poliestere acrilate.

Il Solygel® è un materiale composto per il 75% da minerali di origine naturale e una bassa percentuale di resine poliestere, ricoperto in tutta la sua superficie da un film tecnico di Gelcoat acrilato.

Freestanding bathtubs in Solysand® with an elegant and essential look.

The innovative material offers extensive design versatility, functionality and durability. Also available in two-tone and in Solygel® with a glossy finish.

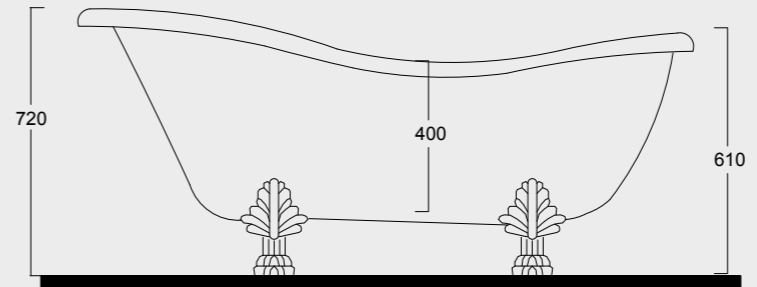

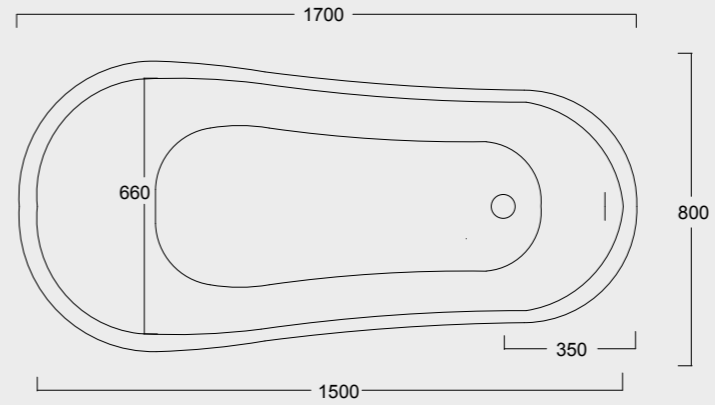

Solysand® is a solid surface with a warm and soft feel to the touch, composed of the union of aluminum oxides, titanium oxides and fine polyester acrylate resins.

Solygel® is a material composed of 75% of minerals of natural origin and a low percentage of polyester resins, covered in all its surface by a technical film of acrylate Gelcoat.
